We believe in constantly improving oneself

5. Compassion

We believe in showing empathy and genuine kindness for all

Full-Time/Part-Time Professional Coach Position

About NECF and what we are looking for...

NECF opened its doors in March of 2012 as a small hole in the wall. Our goal was to be the largest CrossFit affiliate in our area and make working out the best part of everyone's day. After achieving this goal, we have our sights set on something more impactful. We take on a more individualized approach to health and fitness to help people live longer, happier, and healthier lives.

We are driven by the success of our clients. The stories of getting off of blood pressure medication, fears, and of course, PRs, is one of the most rewarding feelings for us. The journey has not been all roses and butterflies. We've been battle tested through closures, departures, and we still remain stronger than ever. We believe that everything that has led us here is a learning and growing opportunity for us and we want team members who want to grow with us.

We've established a solid foundation of career-only coaches and we are looking for someone who also wants a dream career out of helping individuals live higher quality lives. We've been one of the rare places to successfully do this and want to continue growing with someone who aligns with our vision and values.
